

Here are my thoughts:

The trip and tour was very nice. The pickup and transfers were well coordinated,. You have beautiful Hotels in great locations and the accommodations were very nice. The tour guides, Debbie was exceptional and it was like being with a best friend. She really cares about her tour group and with such a small group it was very special and personal. Gianluca is nice, and knowledgeable about the tours. He is quirky. He has a brand new bus that was very nice. I appreciate the fact that you tracked our tour daily and talked with the tour guides. Aldo in Rome was also very nice and personable. Even though I did not meet you , it was nice to learn from Debbie and John that you were always checking up on us to make sure things were OK.

My vacation was very nice and I had a good time, the weather was perfect. Saw a lot of great things and enjoyed the tour guides and the small personal group was a plus. The value of the tour was good and worthwhile. I will visit Rome again and want to stay in your hotel and have Gianluca as my tour guide.
