Unpack your bags only once during your two-week stay in Italy. That's the philosophy of the "Stay and Visit Italy®" 14 day tour, based on the beautiful island of Ischia, near Naples and Capri. This all-inclusive vacation highlights the spas, sea, history and traditions of the Campania region of coastal Italy.

"This is an introduction to the American market to tour Europe like the Europeans do. "Europeans traditionally spend their vacations at a destination resort. This approach is for the more sophisticated traveler, the one who has already visited or, most certainly, Europe. It is a way of really getting to know the people, the area and the food."

The island of Ischia is part of one of the most important thermal zones in Europe, with nearly 90 thermal spas and 60 beauty centers. From Ischia, the hydrofoil whisks visitors to Capri, Amalfi, Positano, Pompeii, Ravello, Sorrento and Caserta, the Italian version of Versailles. By staying in one local, however, visitors have the choice of sightseeing or lounging by the hotel pool or sipping coffee in the village piazza.

As Americans become more mature in their travel experiences, this type of "unpack-once" travel is becoming more appealing. "Stay and Visit Italy®" is geared to tourists 30 and over, with nor more than 20 people in a group. It is an upscale, yet casual approach to travel.

Programs are exclusive in that the restaurants and night clubs that are chosen are not limited to the usual tourist areas, but include places where the true local atmosphere can be savored. Unless you intend to shop, you don't even have to pull our your wallet for the entire tow weeks. All meals, including wine, mineral water, tips and taxes are included in the tour price.
